

Der Federal Reserve Act wurde im „Geheimen" von sieben Männern geplant.

Dazu trafen sich diese Männer im Jahr 1910 auf Jekyll Island.

Das Ziel war die Einführung einer Zentralbank in privater Hand.
Die Federal Reserve Bank

An diesem Geheimtreffen nahmen Senator Nelson Aldrich und Frank Vanderlip teil.

Wir treffen aber auch auf weitere „alte Bekannte".

So nahmen an diesem Treffen auch Herren wie Henry Davison, Benjamin Starke,
Charles Norton, J.P. Morgan und Paul Warburg teil.

Die Vernetzung all dieser Männer kann bis heute noch in Zusammenhang mit der Rothschild-Familie und dem Rockefeller Imperium gebracht werden.

Die Einführung des Federal Reserve Acts war also gut vorbereitet worden. Dennoch gab es natürlich auch einflussreiche Gegner, die diesem Plan nicht viel positives abgewinnen konnten.

Zu diesen Gegnern des Federal Reserve Acts zählten vor allem John Jacob Astor IV., Benjamin Guggenheim, Isidor und Ida Straus sowie Charles Hays.

Alle diese Persönlichkeiten wurden eingeladen, bei der Jungfernfahrt der Titanic am 14.April.1912 dabei zu sein. - Siehe Passagierliste -

Leider haben es nicht alle geschafft zu Überleben

Informationen zur Federal Reserve Bank und dem FED Act:

Was erzählt uns denn der Deutsche Bundestag über den FED Act ?
